APPLICATION FOR CONDITIONALLY EXEMPT SMALL QUANTITY GENERATORS (CESQG)  
To use Tompkins County's Household Hazardous Waste Management Facility (DEPOT)

**Please read first:** State and federal laws exempt some commercial hazardous waste generators from strict waste management regulations, based on the amount of hazardous waste generated and stored. To be considered a conditionally exempt small quantity generator (CESQG), you must:

Produce less than 220 pounds or 28 gallons (100 kilograms) – approximately ½ of a 55-gallon drum of hazardous waste (“hazwaste”) in any given month; or no more than and about 2.2 pounds or 1 kilogram of acutely hazardous waste in any calendar month.

You must also never accumulate more than 2,200 pounds (1,000 kilograms) – approximately 5 drums of hazwaste on your property.

For assistance in determining your eligibility as an exempt generator, please call either the New York State Department of Environmental Conservation at 800-452-1925 or the Tompkins County Department of Recycling & Materials Management (TCRMM) at 273-6632.

Once CESQG is established, complete the applications below and email to the TCRMM at [nbates@tompkins-co.org](mailto:nbates@tompkins-co.org) or send it to,

ATTENTION: HHWMF, 122 Commercial Ave., Ithaca, NY 14850
